EXPLORE - LEARN - BUILD

Career Compass Academy

Coming Summer 2023 - Get Paid \$1,000

Career Compass Academy is a paid virtual work readiness program for WIOA eligible youth, ages 16-24. This 43-hour, 5-week program provides youth with work-ready skills and abilities along with opportunities to explore and practice work activities in a virtual environment.

Career Explorers Will:

- Be available Monday through Wednesday to attend live webinars;
- Attend all scheduled events on-time and as active participants (attentive and participative) through chat and feedback opportunities;
- Complete assigned online self-guided course modules on-time as scheduled;
- Create and submit an online career portfolio including career plan, resume, and sample cover letters.

Eligibility & Qualifications:

- Be WIOA eligible in-school or out-of-school youth between the ages of 16-24;
- Have an ability and interest to learn about high demand industries and jobs;
- Possess strong verbal communication, be organized, and able to work independently with minimal supervision on the online, self-paced modules;
- Have access to Wi-Fi, computer or smart device and headphones.

Q: What is WIOA?

WIOA stands for the Workforce Innovation and Opportunity Act which is designed to help job seekers access employment, education, training, and support services to succeed in the labor market. WIOA training funds are designed to serve dislocated workers, adults, and youth who are in need of training to enter or re-enter the labor market.

Q: What services are available?

At WorkSource DeKalb/One Stop Career Center, basic career services such as job search assistance are available to all customers; training services depend upon a number of factors including WIOA eligibility, choice of training and training provider on the WorkSource DeKalb Eligible Training Provider List.

Q: If I am eligible for WIOA training, how soon can I begin my training?

After you are determined eligible for an Individual Training Account (ITA) and completed the Tests of Adult Basic Education (TABE), and the Career Choices Assessment; every effort is made to help you begin as soon as possible. Note: community college classes are scheduled by semester. Application deadlines are many weeks earlier than actual class start dates.

Q: What are the WIOA eligibility requirements?

You must meet the definition of Adult, Dislocated Worker or Youth as outlined in Question 3 and provide proof of:

1. U.S. Citizen/or Legal Alien
2. Social Security Number
3. 18 years old or older
4. Selective Service Registration (Males only, born on or after 1/1/1960)

Dislocated workers also need to provide:

1. Notice of layoff or no-fault termination notice
2. Verification of unemployment insurance status (Claims Determination letter)
3. Job search records (can use copies of records submitted to U.I.)

For currently employed dislocated workers eligibility documentation may include tax return information (up to 2 yrs) validating an income decrease. This will not be required if dislocation & WIOA application occur within the same year.

Q: Can I continue to receive unemployment insurance while in training?

Yes. You will be given a special claimant trainee status while you're in an approved training program. This means that you may continue to draw unemployment insurance while you are in full-time training (full-time as defined by the school). Please note that you may exhaust unemployment insurance before you finish training if you select a training program longer than your employment benefits are scheduled to last.

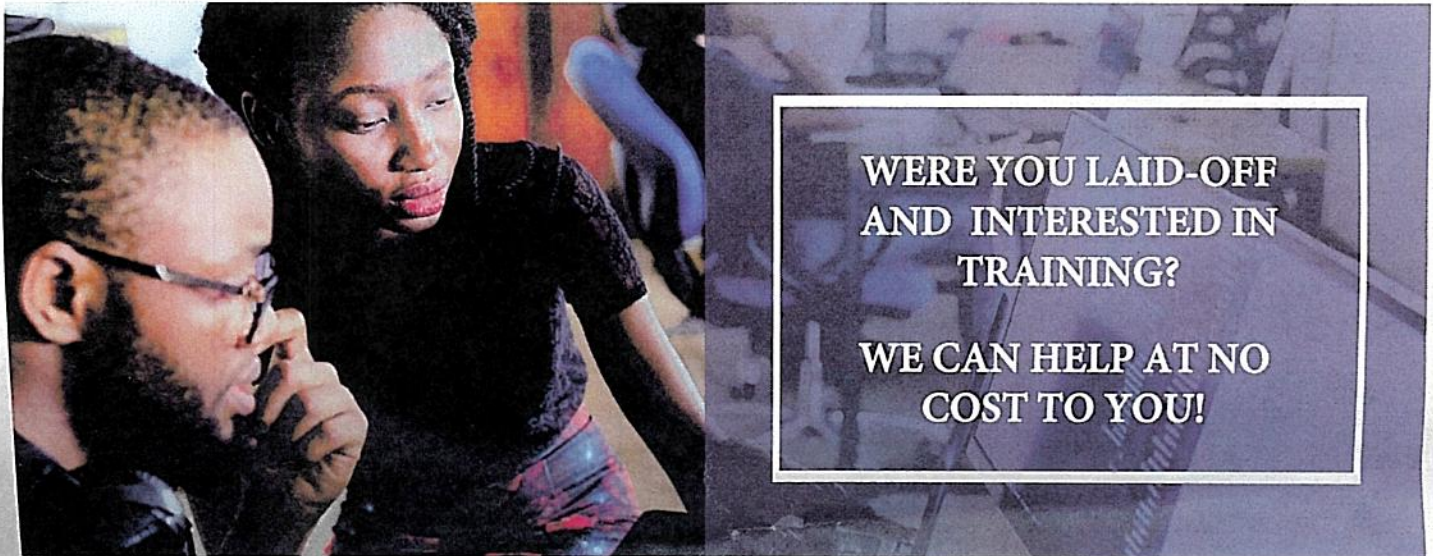

Q: Can I attend any school or training program I wish?

See the link of approved occupational training programs at www.worksourcegeaportal.com. The school and the training program must be on the WorkSource DeKalb Eligible Training Provider List. Not all schools or programs on the ETPL are approved by WorkSource. Totally online programs are not generally approved.

To view the complete list of frequently asked questions, please visit:

<https://www.dekalbcountyga.gov/worksource-dekalb/wioa-faqs>

WorkSource DeKalb (WSD) provides career pathways and support to adults, dislocated workers, and youth ages 16 to 24. Our one-stop delivery system provides a range of career services to fit the needs of each individual. Additionally, WSD, a federally funded organization, aligns with the Workforce Innovation and Opportunity Act (WIOA) and provides all of its employment services *free of charge to eligible participants*. For more information please visit www.worksourcedekalb.org

SERVICES FOR JOB SEEKERS

WSD provides a range of services for job seekers, including education and skills development. WSD is the One-Stop Career Center for DeKalb County and the Mobile Career Center, is stationed throughout DeKalb County weekly.

Programs and services include:

- Career assessments
- Job readiness training
- Individualized occupational skills training & Employment assistance

SERVICES FOR BUSINESSES

WSD offers a wide range of services for businesses seeking a skilled workforce, including training and skills development for new and existing employees, assistance with employee recruitment, and data tools that provide insight into labor market trends.

Programs and services include:

- On-the-job-training
- Incumbent worker training
- Employee recruitment assistance
- Customized training
- “Rapid Response” assistance for displaced workers

YOUTH SERVICES

WSD’s youth program provides year-round workforce training and education program for people 16-24 years old who are interested in employment and/or training and live in DeKalb County. Participants must meet low-income guidelines and/or possess significant and defined barriers to education and employment.

Programs and services include:

- Job readiness training
- GED and high school diploma assistance
- Paid work experience
- Transportation assistance
- Individualized occupational skills training & Employment assistance

TRACK YOUR HOURS

FREE ON ITUNES

JUST TAP THE APP

U.S. DEPARTMENT OF LABOR'S TIMESHEET APP HELPS ENSURE WORKERS RECEIVE ALL WAGES EARNED.

Not only can your Smartphone wake you up when it's time to go to work, calculate your fastest route to get there, and map out every opportunity for coffee along the way - now it can also track your hours on the job and help you keep track of what you've earned.

Instead of relying solely on their employer's records, workers can now keep their own records.

TIMESHEET APP USERS CAN:

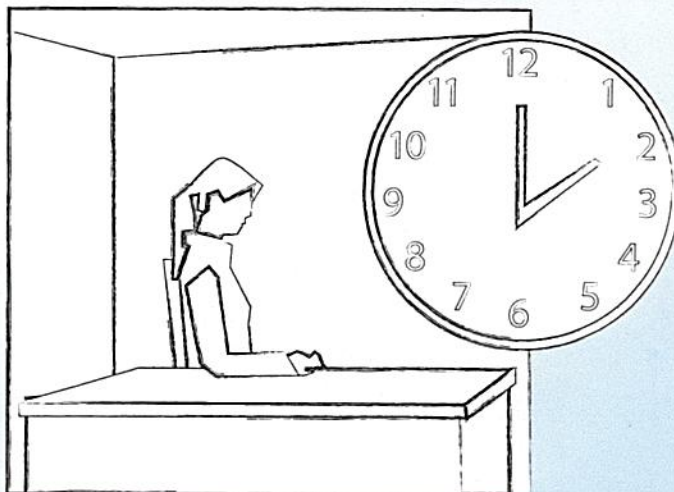

- track hours & overtime
- keep track of breaks
- calculate wages
- add comments
- view and email summaries of work hours

The "DOL Timesheet" app helps employees independently track the hours that they work and the wages that they are owed. Available in both English and Spanish, the app allows users to conveniently track their regular work hours, break time, and any overtime hours for one or more employers. The app features a glossary and DOL contact information.

The app works like a stop watch, and records the exact time that the "Start Work" icon is selected. Tap again, and the user can select either "Stop Work," to record the end of the workday, or "Start Break," to record any break periods taken during the workday.

For workers without a Smartphone, the Wage and Hour Division has a printable work hours calendar in English and Spanish to track rate of pay, work start and stop times, and arrival and departure times. The calendar also includes easy-to-understand information about workers' rights and how to file a wage violation complaint.

WAGE & HOUR DIVISION:

- <http://www.dol.gov/whd>
- for more information about federal wage laws or to order a calendar by mail, call the division's toll-free helpline at 1-866-4US-WAGE (487-9243)

FREE DOWNLOAD AVAILABLE AT WWW.DOL.GOV/WHD

COMPATIBLE WITH IPHONE AND IPOD TOUCH

Disclaimer: DOL is providing this app as a public service. The regulations and related materials reflected in this app are intended to enhance public access to information on DOL programs. This app is a service that is continually under development and it does not include every possible situation encountered in the workplace. The user should be aware that, while we try to keep the information timely and accurate, there will often be a delay between official publication of the materials and their appearance in or modification of this app. Further, the conclusions reached by this app rely on the accuracy of the data provided by the user. C.W. Matthews Contracting Co., Inc.
Work-Based Learning & Summer Internships
HEAVY HIGHWAY CONSTRUCTION

The C.W. Matthews Work-Based Learning and Summer PAID Internships are designed for those students who are interested in going into construction after graduation. These internships give a high school student the ability to:

- *Get a glimpse of what a career looks like in Heavy Highway (Horizontal) Construction.*
- *Gain specific training and skills that make them more employable after graduation.*
- *Earn a great part-time income while still in high school.*

Our internships can be categorized into 3 different pathways.

1. Construction Path:

BE A PART OF BUILDING GEORGIA'S ROADS FROM THE GROUND UP!

- a. Placement in one of our operational road construction divisions.

Typical Tasks in this pathway:

- Flagging traffic.
- Use of hand and power tools.
- Set up and maintenance of erosion control.
- Loading and unloading of materials.
- Shoveling and raking dirt, gravel, and asphalt.
- General clean up around job site.
- Checking and maintaining grade stakes.
- Set up and maintenance of all traffic control aids.
- Operating small equipment such as a skid steer.
- General maintenance of all equipment and tools.

2. Manufacturing Path:

LEARN HOW TO CREATE THE ASPHALT & CONCRETE FOR GEORGIA'S ROADS!

- a. Placement at one of our 27 Asphalt Plants or 5 Concrete Plants.

Typical Tasks in this pathway:

- Unloading material
- Shoveling asphalt
- Operating small equipment such as skid steers
- General maintenance of plant, equipment, and tools.
- Depending on aptitude, the opportunity to learn basic operation skills on CAT 966 Loader and overall plant operation.

3. Heavy Equipment Maintenance Path:

BE A PART OF THE TEAM THAT SERVICES OUR MULTI-MILLION DOLLAR ROAD & EQUIPMENT FLEET!

******THIS PATH IS LIMITED FOR THOSE LOCATED NEAR TO OUR MARIETTA OFFICE ONLY.******

- a. Placement at our Marietta maintenance & repair shop.

Typical Tasks in this pathway:

- Assisting mechanics.
- Assist with service & maintenance on road & equipment fleet.
- Daily upkeep & maintenance of shop area.
- Parts courier.

Students that are selected MUST:

- ❖ Have a driver's license.
- ❖ Be at least 17 years old.
- ❖ Have a dependable vehicle to get them to the job site every day.
- ❖ Have a desire for a career in the construction industry.
- ❖ Have a GREAT ATTITUDE, STRONG WORK ETHIC & A TEACHABLE SPIRIT
- ❖ Have a teacher recommendation (preferably from construction/trades/CTAE teacher/WBL Coordinator)
- ❖ Be able to pass a drug screen and physical.

The application process is complete when you see the following message:

Masonry Training Program

sponsored by Masonry Association of Georgia, Inc.
in partnership with Jollay Masonry

What Is The Masonry Association Of Georgia Masonry Training Program?

Association Members are dedicated to training our future workforce through the three-year masonry apprenticeship training program registered with the Georgia Department of Labor.

What Does The Three-year Masonry Training Program Involve?

Apprenticeship is a competency-based Eight Stage training program consisting of 432 hours of related classroom and lab training. On-the-job-training (OJT) of 6,000 hours with your participating employer is required to receive your certification from the Georgia Department of Labor.

There are six semesters of related training. You will attend two semesters a year. Each semester is twenty-one weeks. Apprentices will be given the opportunity to complete three stages of the program during the first and second year and two stages during the third year.

The curriculum has been developed by the National Center of Construction Education and Research (NCCER). The curriculum will cover safe and efficient practices in mason tending, laying brick and block, wall performance, mortar composition and mixing, tools and equipment, specialty products, preformed concrete products, stone, and blueprint reading. These are just some of the areas of training you will receive.

What Will I Be Paid As An Apprentice?

A Progressive pay scale is used as a minimum guideline to determine apprentices' hourly wage. This pay scale is based on the Eight Stages and accumulated on-the-job-training (OJT). Credit maybe given for previous experience.

What Are The Qualifications To Apply?

New apprentices may apply to start the apprenticeship program in July or December each year. Registration is held one month before the start of the new semester. Contact your employer or the MAG Executive Director to find out the exact dates for registration.

If you are not currently working for a MAG participating employer and would like to start a rewarding career as a mason, call the MAG office at 770-310-1885 to schedule an appointment. You will be assisted with your apprenticeship application and guided towards employment opportunities with a participating employer.

What Does It Cost?

Each student is ultimately responsible for each semester's tuition and books. Employers may or may not offer payroll-deduction for tuition and books. Please review your employer's apprenticeship program training policy regarding tuition and book cost. Textbooks are issued the first night of class to apprentices upon receipt of book fee.

Who Are The Instructors?

The best way to learn is from an instructor who has hands-on experience in the masonry trade. MAG instructors are veterans of their trade and offer years of experience. Guest instructors also offer their experience from their field to lecture and demonstrate their products.

Where Is The Apprenticeship Training Center Located?

The training center is located at 2874 Franklin Street, Avondale Estates, GA. Jollay Masonry has generously donated this training space for the MAG program.

When Are Classes Held?

Apprenticeship classes are held weekly on Tuesdays from 3:30 PM until 7:30 PM.

What Would I Do?

The majority of your time in class will be spent in the training center doing hands-on activities and honing your skills to become productive in the workplace. There is a small component of classroom/book work as well.

How High Can I Go?

Masons can work a full lifetime career as a hands-on craftsman and achieve a very comfortable lifestyle. A mason can continue to work in the field or continue his or her career in any of the following areas: Mason Foreman, Estimator, Senior Estimator, Purchaser, Project Supervisor, Senior Project Manager, or eventually own your own company and be recognized as a mason contractor.

What We Look For...

A person with a good attitude, able to get to work daily and on time, willingness to learn the trade and eager to advance their knowledge through a masonry apprenticeship training program.

Where Can I Find More Information?

execdirector@mageorgia.org

www.masonrypros.org
